

A FIRST-OF-A-KIND OFFICE DEVELOPMENT

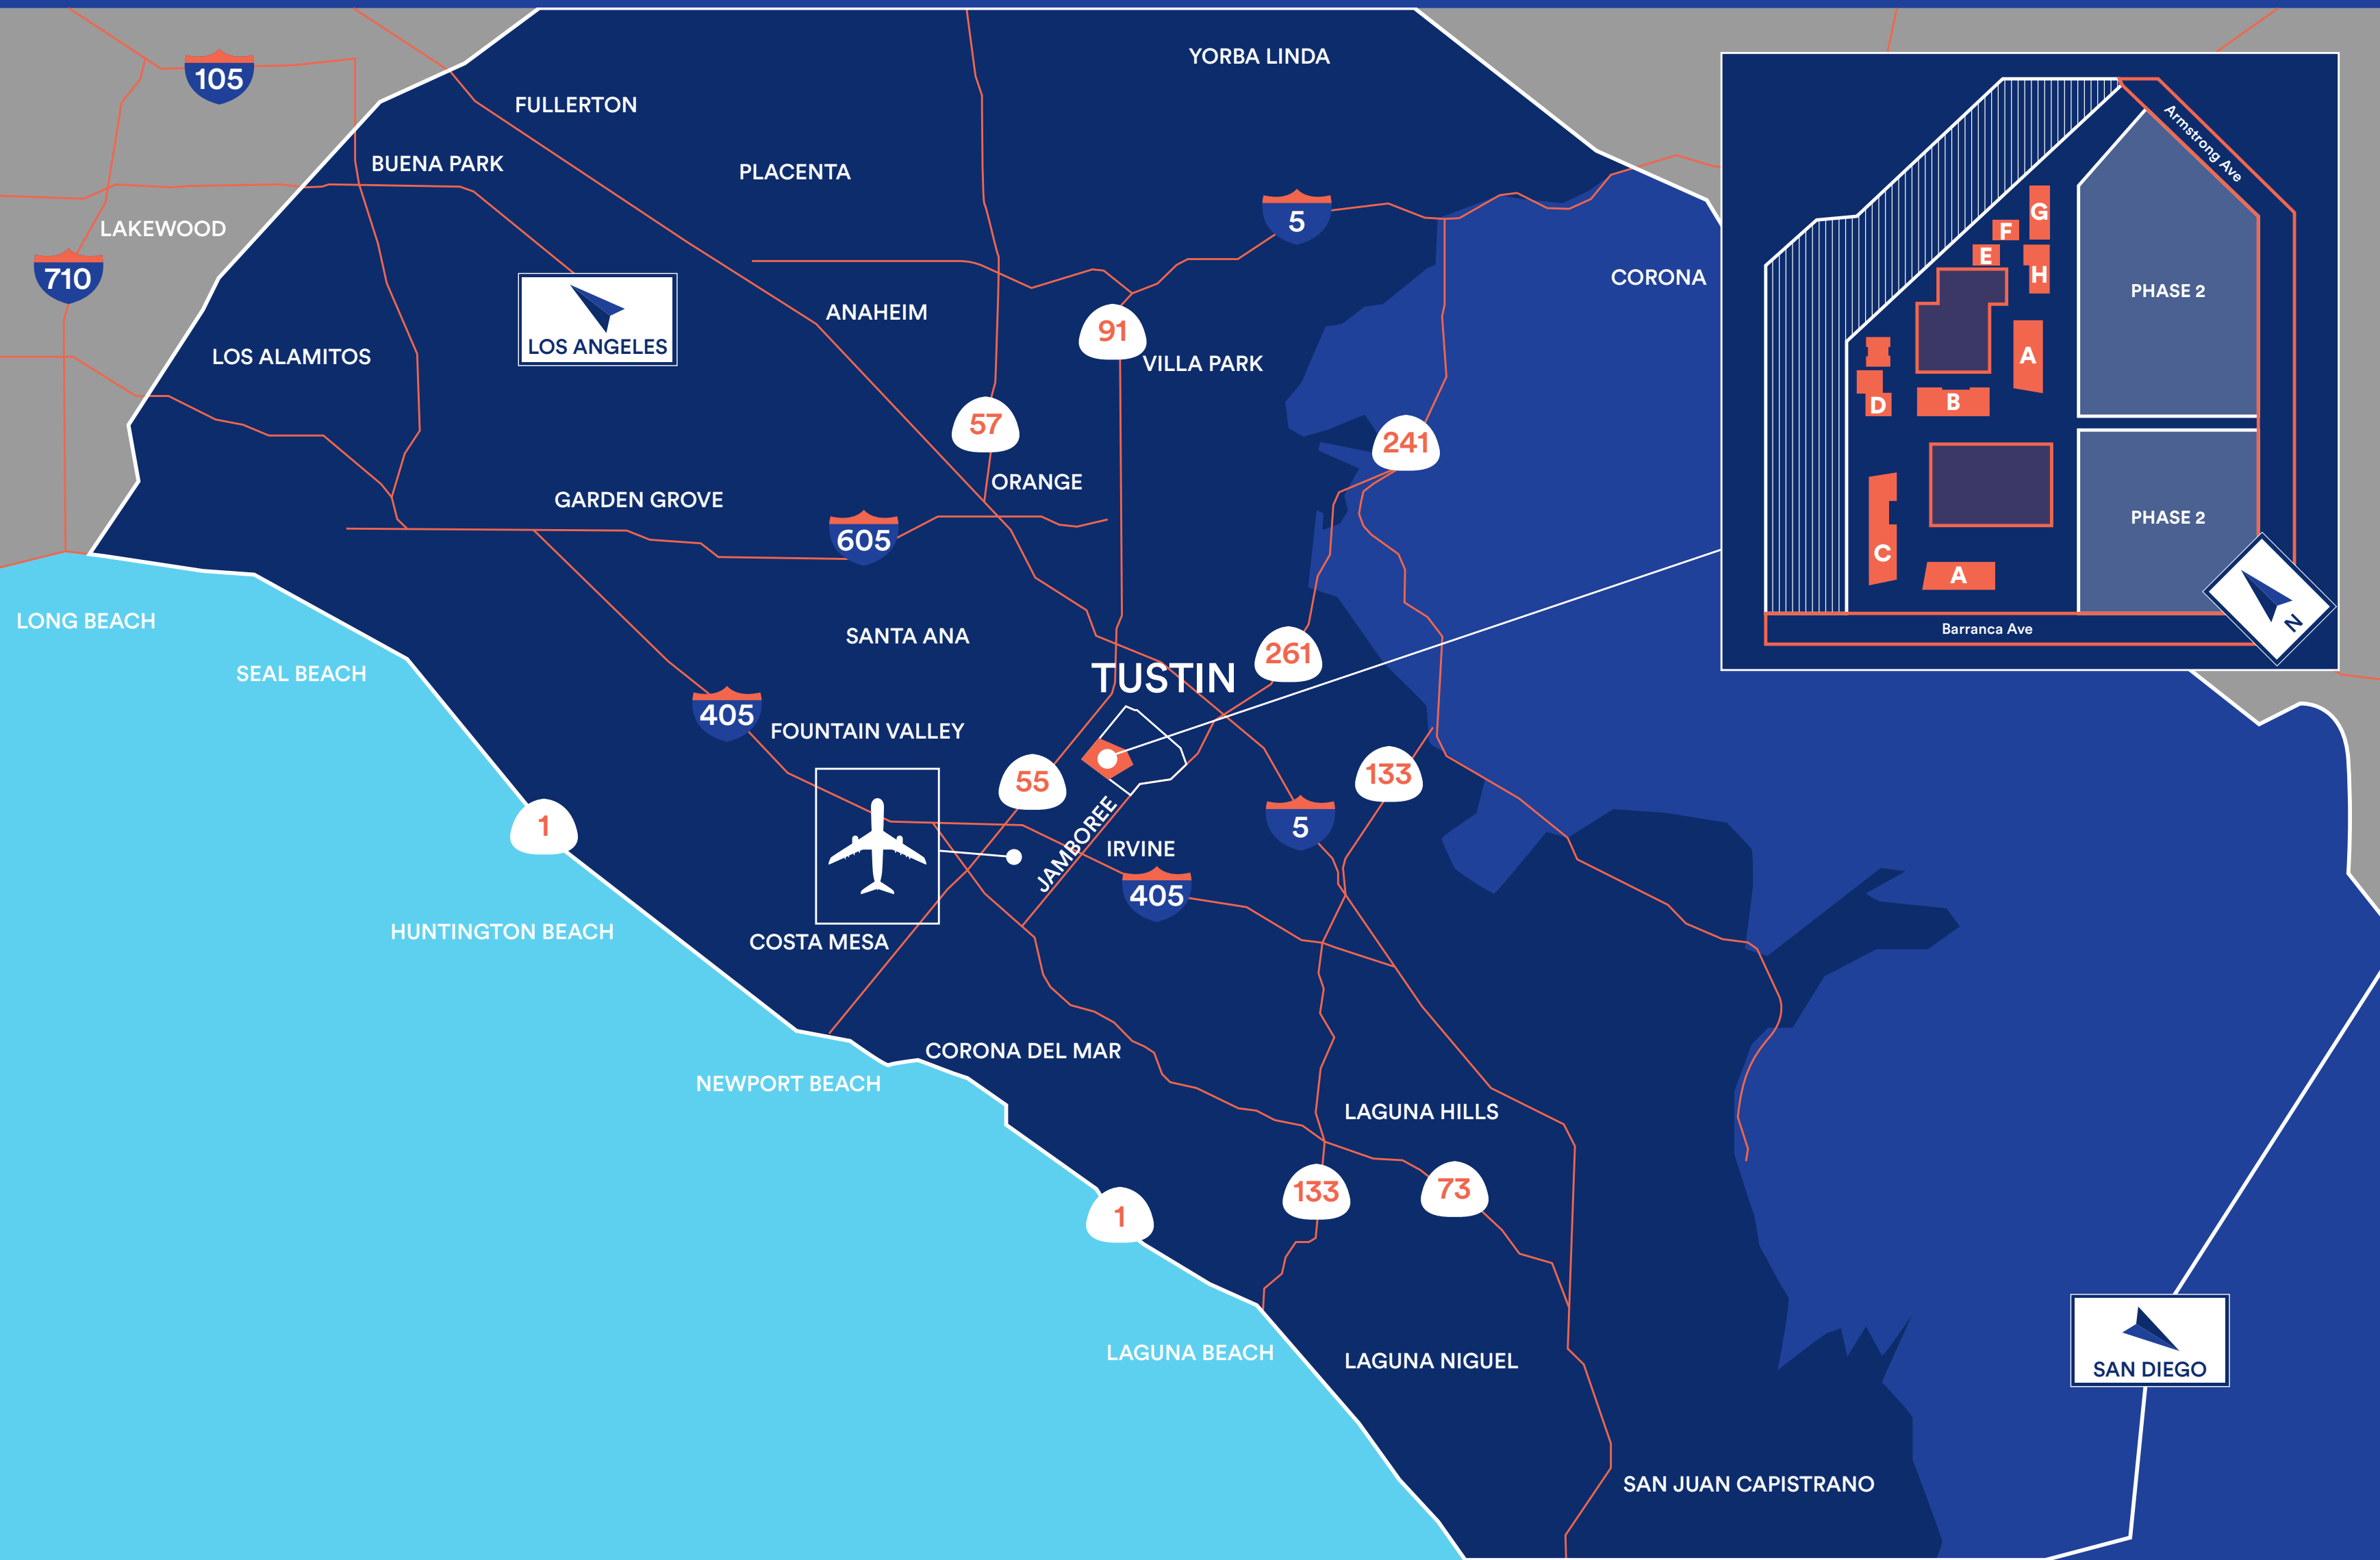

ORANGE COUNTY'S FIRST PURPOSE-BUILT CREATIVE OFFICE CAMPUS

Every detail of this two-phased, 870,000 sq. ft. mixed-use campus has been painstakingly designed with the goal of providing the highest quality, most efficient and most revolutionary office project that Southern California has ever seen.

Your office space defines your company's identity, character and brand. **FLIGHT** at Tustin Legacy has been created in an effort to empower its tenants to define themselves as cutting edge and best in class, to attract and retain the highest quality employees, and to provide an unparalleled working environment that will improve productivity and inspire those who call it home.

CENTRALLY LOCATED TO EVERYTHING, LOCATED CENTRALLY TO EVERYONE.

In the Heart of Orange County

- Strategically located in the GREATER AIRPORT AREA office submarket.
- 3 miles from John Wayne Airport which means less than a 5-minute drive. Convenient for out of town visitors or a quick business trip.
- New and future housing developments within walking distance of **FLIGHT**.
- Minutes from the Pacific Ocean & Orange County's exquisite coastline.
- **FLIGHT** offers a multitude of access options via all major area freeways and local surface streets.
- Proximate and (future) direct connectivity to Tustin Metrolink Station and other public transportation connection points. Rail travel is a growing option for daily commuters.
- Unabated access to a multitude of executive and employee housing opportunities.
- Unlimited access to executive & employee housing.
- Multiple major regional malls within a short drive offering unlimited shopping and dining options.
- Centrally located to effectively access San Diego, Inland Empire and Los Angeles employee bases.

HALLMARKS OF FLIGHT

Architecture

FLIGHT's groundbreaking design seeks to inspire, energize and motivate through its beauty, form and function.

Decentralized Core

This progressive design feature allows for efficient space planning, unobstructed views and collaboration within the space. Imagine a 360-degree window view from your desk or break area.

14 ft. True Ceiling Height

FLIGHT features above standard 14' true ceiling heights, plus expansive deck-to-deck heights from 28' to more than 37' on upper floors.

Amenities

Neighborhood like retail amenities including a chef-driven food hall, indoor and outdoor meeting facilities, indoor and outdoor fitness areas, on-site conference facilities and more.

Environment

The campus offers multiple and dynamic indoor and outdoor work environments designed to stimulate productivity via great workplace settings, and connect tenants to the beautiful climate of Southern California and its weather.

Direct To Space Access

Instead of walking into a common office lobby, imagine being able to walk directly into your space from the exterior of the building. You are no longer defined by the typical generic building lobby.

Branding Opportunities

Let FLIGHT be an extension of your brand. Leverage a variety of on-site branding opportunities and showcase your company.

Pet Friendly

Studies have shown that productivity and employee morale are boosted in pet friendly environments, and when these environments are created and managed responsibly, the presence of pets can make a dramatically positive impact to quality of work and life.

BUILDING A SPECIFICATIONS
(89,500 SF)

BUILDING A

Building Specifications

- Four stories totaling approximately 89,500 RSF
- Typical 1st Floor Plate: 25,600 RSF
